Swan Mountain Outfitters is a full service outfitting and guide service offering trips into the most spectacular natural wilderness settings imaginable. During summer, three to six day horse pack and fishing trips to the high country are offered to guests seeking access to the Bob Marshall Wilderness, Flathead National Forest, Swan River State Forest and the scenic Swan Valley. Utilizing Swan Mountain's high camp under Flathead National Forest Service permit, guests achieve a true backcountry horseback experience. These trips are great for families, groups or friends that like to vacation together. Hunting trips are available in spring and fall.

Operated out of a "base camp," guests enjoy venturing out in a different direction from camp each day and returning to the same location each evening. The base camp includes dry, warm accommodations and a good night's sleep on soft beds after a day full of activity. Top quality meals and "luxury" amenities in a true backcountry setting are the hallmarks of a trip with Swan Mountain Outfitters. You will experience outdoor living at its most comfortable while exploring areas unaffected by man.

Swan Mountain Outfitters' horses have "get-up-and-go" personalities, big muscles and savvy, mountain trail experience. Think of them as elite athletes. Bred for

Swan Mountain Outfitters' high camp, 6,000 feet, high altitude luxury!

Guests ride through a high mountain meadow in the majestic "Bob."

disposition and the athletic ability necessary for mountain trail riding, guests are matched with a horse which suits his or her individual skill level and temperament to ensure the best possible horseback riding adventure.

Swan Mountain Outfitters is not managed like a typical outfitter. Best described as a new generation outfitter, it's focused on offering customers an enriched vacation experience by focusing on quality. This is achieved by using the best horses, state of the art equipment, picture perfect facilities and the employment of educated, customer-oriented personnel.

In addition to Swan Mountain Outfitters' full spectrum of outdoor recreation services, exclusive lodging is available at Swan Mountain Ranch. Throughout winter, the ranch offers groomed cross-country skiing runs for beginning, intermediate and advanced skiers, ice skating, and mountain trail access on over 30 kilometers of trails.

SEASON: Pack Trips: May - November; Ranch: Year-Round
